IT'S A BOY FOR ASHLEE & PETE!

A slight fix for sore eyes

Stars like **Josh Duhamel** can't afford to strain their eyes staring at the computer or BlackBerry! With Gunnar Optiks eyewear, Tinseltown tech addicts can devote more time to digital devices, while reducing stress on their eyes.

That's a good thing for video game fans like **Vin Diesel, Neil Patrick Harris** and **50 Cent**, who will be getting their own glasses after presenting awards at the Spike TV Video Game Awards on December 14. \$99-\$189, gunnaroptiks.com.
