## A-list notes

**Kathy Griffin** keeps track of inspiration and spur-of-the-moment jokes with Livescribe's Pulse Smartpen. It's a computer, camera and microphone-in-a-pen that records everything you write or hear, and then plays it back with a single tap. After all, if it's the thought that counts, you might as well give the gift of remembering those thoughts! \$200-\$250, [livescribe.com](http://livescribe.com).

## CELEBRITY SOUND SYSTEM

*Entourage* star **Jeremy Piven** loves the low-maintenance Sonos sound system that lets you play music in multiple rooms of your home and control it all with one clicker — or by using your iPhone! And unlike other complicated and pricey music players that take an expert to set up, this place-and-plug-in present doesn't require any fancy wiring. \$999-\$1,499, [sonos.com](http://sonos.com).

## Tunes to go

Surprise your favorite music fan with the Slacker G2 Personal Radio Player. This supersmart personalized player, which helps the **Jonas Brothers** stay up-to-date with the latest tunes, automatically receives new music via Wi-Fi, based on the user's personal preferences. That way, music lovers always have the hottest, newest hits, but never have to waste time downloading a song or managing a playlist. \$200-\$250, [slacker.com](http://slacker.com).

## SAVVY SPY PROTECTION

**Will.i.am** and **Natasha Bedingfield** channel their inner James Bond with a cool new device that protects computers from unwanted eyes! Eikon's Digital Privacy Manager uses your fingerprint as the magic password to access all of your online personal accounts. You'll never have to remember a password again! \$55, [upek.com](http://upek.com).
